

Invest in ME (IiME) is an independent UK charity campaigning for bio-medical research into Myalgic Encephalomyelitis (M.E.), as defined by WHO-ICD-10-G93.3. Invest in ME are one of the founding members of The European ME Alliance (<http://www.euro-me.org>).

This organization provides links nationwide (for the UK) as well as internationally, including *The Journal of IiME* (current and prior issues).

In 2012, they released this comprehensive 108 page article titled, [THE IMMUNOLOGICAL BASIS OF ME/CFS: what is already known?](#) (original source: CO-CURE). A compilation of documented immune system abnormalities in ME/CFS from 1983-2011 by Margaret Williams, published in the *Journal of Invest in ME*, Vol 6 Issue 1, 29-98 (June 2012). This article serves as an important resource for researchers, clinicians and patients.
